

# Provisional Drug Overdose Death Counts & Homeless Population by State

## About

### Provisional Drug Overdose Death Counts:

This dataset estimates drug overdose death counts in the U.S.. They are based on death records received and processed by the National Center for Health Statistics (NCHS). NCHS receives the death records from state vital registration offices through the Vital Statistics Cooperative Program (VSCP).

### Homeless Population by State:

This dataset is from The Annual Homeless Assessment Report (AHAR) to the U.S. Congress that provides nationwide estimates of homelessness, including information about the demographic characteristics of homeless persons, service use patterns, and the capacity to house homeless persons. The report is based on Homeless Management Information Systems (HMIS) data about persons who experience homelessness during a 12-month period, point-in-time counts of people experiencing homelessness on one day in January, and data about the inventory of shelter and housing available in a community.

**Data creation time:** January 2022 - December 2022

**Data produced by:** CDC National Center for Health Statistics & U.S. Department of Housing and Urban Development

**Content:** csv files

## Use Cases

### Provisional Drug Overdose Death Counts:

Which state has the highest overdose death counts? Are there any states with a much larger overdose death count? Is there a pattern and relationship between region and overdose death?

### Homeless Population by State:

Which state has the highest homeless population? Are there any states with a much larger homeless population? Is there a pattern/relationship between region and homelessness? Do most homeless cases involve whole families, individuals, veterans, etc?

**Top 5 States with the Most Homeless:** 1. CA — 161, 548 2. NY — 91, 271 3. FL — 27,487 4. WA — 22,923 5. TX — 27,229

**Top 5 States with the Most Drug Overdose Deaths:** 1. GA — 398.3 2. OR — 341.3 3. IL — 337.3 4. NM — 334.1 5. MN — 331.7

**Top 5 States with the Least Homeless:** 1. ND— 541 2. WY — 612 3. SD — 1,058 4. RI — 1,104 5. MS — 1,107

**Top 5 States with the Least Drug Overdose Deaths:** 1. SD— 40.2 2. WY — 56.7 3. MT — 82.6 4. HI — 96.7 5. VT — 120.6

**Top 5 States with the Most 18-24 Year Old's Experiencing homelessness:** 1. CA— 12,172 2. NY — 3,072 3. WA — 1,777 4. TX — 1,408 5. FL — 1,331
